

CDT-1600 S Color Sheet Fed Printer

Colordyne Technologies, LLC (CDT) is a leading OEM manufacturer of high-speed color printer solutions powered by Memjet technologies. Colordyne specializes in affordable, high-quality Bench Top and Production Class color on-demand inkjet printers for a wide range of applications and industries at breakthrough speeds and cost effectiveness.

Colordyne's revolutionary line of color digital printers will change the way you look at color printing. Manage your label costs by printing in-house. The 1600 S delivers full variable color (CMYKK) while printing 3" to 8.5" (76.2 to 215.9 mm) wide at 1600 x 1600 dpi.

With throughput speeds up to 12 inches/second (304.8 mm), you need to see for yourself how this new technology, backed by over 3,000 patents, will change the way you do business.

Join the Revolution in Affordable Color Digital Printing

Delivery Tray is optional

Powered by
memjet
