OKI proColor™ pro510DW

Fast, customized continuous web printing with exceptional color quality for short runs

Printed on an OKI proColor Series printer

A compact, affordable and easy-to-operate web printer.

More and more of your customers are asking for jobs you wouldn't handle on your high-speed web press—short-run quantities with variable data and variable forms. What you need is an asset that can give you a big advantage on small jobs.

The new **OKI proColor[™] pro510DW** digital color web press from Oki Data provides the ideal solution:

• A low-cost alternative for short-run continuous web printing

- Versatile print performance and outstanding print quality
- Exceptional ease of use and problem-free operation

The pro510DW: spectacular color and great multi-mode performance.

	lor™ pro510DW Highlights:
Easy oper	ion in Continuous and Cut Sheet modes
Continuou	web printing at up to 30 ft./min. (9.14 m/min.) ¹
Cut sheet	inting at up to 36 ppm Color, 40 ppm Mono'
HD Color	inting and Single Pass Color™ digital technologies
Continuou	media feed allows for nonstop imaging with a high utilization rate
Variable d	a printing on variable-length media
Ability to	t and reload between print jobs without operator intervention
Automatio	ut-on-the-fly command
Width flex	ility from 3.94" (100 mm) up to 12.9" (327.7 mm)
2-part cor	mables for efficient cost of operation
2-Year On	ite warranty ² for low operating costs

 $^{\rm 1}$ Published performance results based on laboratory testing. Individual results may vary. $^{\rm 2}$ Available in the U.S. only

Low-cost alternative for continuous web printing

The pro510DW digital web color printer from Oki Data Americas Inc., helps you maximize revenue by letting you take on every job that comes your way, meeting all of your customers' short-run needs.

Print continuous-fed media or cut sheets, up to 12.9" widths— on industry-standard converted or non-converted face stocks, paper, synthetic and adhesive-backed substrates. With sequential or variable data personalization. All in brilliant, durable, consistent color.

Versatile performance. Outstanding color quality.

The pro510DW printer utilizes award-winning OKI® LED printing technology, proven and renowned for its legendary reliability. With a powerful 800 MHz processor and a gigabyte of RAM standard, the pro510DW easily manages the most challenging images and data streams. And it can archive job files and color profiles for future reprints on its 40 GB hard disk drive.

The printer delivers consistent professional-quality color through OKI's HD Color printing technology, automatically calibrating colors, making color corrections on the fly, and supporting SWOP®, Japan Color, Euroscale and custom ink simulations. It prints from graphics programs in up to 600 dpi resolution, and the integrated pinch roller system provides uniform media tension for precise color registration.

Exceptional ease of use and problem-free operation

The pro510DW has been designed for total ease of use. Its controls are intuitive and easily mastered. There's no complicated training, environmental or electrical setup: simply unpack, plug it in, and you're ready to start printing.

With no manual calibration required, everyone on your team can get exactly the right output, the very first time. Job completion goes from days to hours, even from hours to mere minutes.

The pro510DW also lets you get more done with fewer interruptions. Its flat paper path minimizes paper jams, its robust construction reduces maintenance, and its easily accessible, rapidly replaceable consumables maximize uptime. That all lends itself to a superior return on your investment.

The ideal solution

The pro510DW from Oki Data Americas, Inc., is a complete and ideal—web press solution for a fraction of the cost of other digital presses. Starting with its low acquisition cost and low total cost of ownership, the pro510DW enables you to lower production costs, inventory and waste—all while satisfying more requirements for short-run jobs, improving your job margins and growing revenue.

Width flexibility from 3.94" (100 mm) up to 12.9" (327.7 mm)

Specifications						
Performance	Print Speed ¹ Continuous: 30 ft./min. (9.14 m/min.); Cut Sheet: Letter – Color 36 ppm, Mono 40 ppm; A3 – Color 19 ppm, Mono 21 p					
	Time to 1st Page ¹	10.5 sec. Color, 9 sec. Mono				
	Warm-up Time	85 sec. or less from Power On				
	Processor	800 MHz PowerPC 750				
	Monthly Duty Cycle	Continuous: 106,000 ft.; Cut Sheet: 150,000 pages
