ELECTRICAL	110VAC 60Hz / 2A
OPTIONS	RENA TB Conveyors, RENA Roll Tabs, RENACare Cleaner
DUTY CYCLE	30 million piecec total or 500,000 per month over a 5-year life cycle

Taking the capabilities of the L-250 and adding more technology, we created the L-350 Labeler/Tabber/Stamp Affixer. The fast and efficient L-350 is our most recent evolution of that family of products. With a proven design that has been refined into a true workhorse.

The L-350 is fast and versatile, handling up to 25,000 pieces/hr applying labels or tabs (up to 20,000/hr) on a standard tri-folded mailpiece. It will apply clear, translucent or paper tabs with ease in a variety of tab sizes and can apply labels over 4" wide. The L-350 uses tab rolls to keep jobs running longer. The precision placement of its labeling or stamping is accurate to within 1/8 of an inch.

The simple and elegant design of the L-350 ensures smooth material handling makes set-up simple. The unit is engineered to be easy-to-run in-line with various console products. It comes standard with a label shelf for fanfolded 1-up address labels and a tab reel that accomodates up to 9" diameter rolls, over 10,000 tabs!

It may be a tabletop unit, but the L-350's heavy duty aluminum and steel construction will give you years of reliable high performance use. Contact your local RENA Systems dealer today and schedule a no-hassle demonstration. The versatile L-350 Labeler/Tabber/Stamp Affixer is sure to make jobs easier, more profitable and more efficient.

KEY FEATURES

- Apply 1-up labels or tabs (in clear, paper, translucent) with one versatile and affordable unit
- Tabs at speeds of 22,000/hr and can label up to 20,000/hr
- Applies USPS pressure sensitive roll stamps on pieces up to 9.5"
- Cantilevered head allows the unit to run wider materials
- Runs high quality RENA Systems tab rolls up to 9" in diameter with a standard 3" core size.
